

ERRATA LIST 52ND BATAVIERENRACE

Due to roadworks and other circumstances, there are a number of changes to the runner and car routes. This document shows all changes to the routes compared to the (physical) route booklet. These changes are leading and take precedence over the information mentioned in the route booklet. The completely correct representation of the route and times can be found in the online participants' booklet info.batavierenrace.nl and on our website batavierenrace.nl.

To avoid misunderstandings, it is wise to include ALL errata in the route booklet. Write down clearly in the route booklet what has changed to the route! Do this not only for the night, but also for the morning and afternoon stages! Experience shows that this is forgotten otherwise. So don't forget to write the errata throughout the route. Moreover, we recommend using the online participants' booklet as much as possible!

Bold text shows the change, the other route notes are for reference of place in the route booklet.
