

## TEAM CAPTAIN LETTER 4 – GENERAL CLASSIFICATION

Dear team captain,

Just a few more days until the start of the 52<sup>nd</sup> Batavierenrace. We as an organisation are very much looking forward to it and we hope you are just as excited! I hereby send you the last important information.

### BEFORE THE RACE

- The buses for which you have been able to purchase bus coupons will depart from the following locations:

Enschede: Calslaan (Sports Centre)

Ulft: Frank Daemenstraat

Nijmegen: Driehuizerweg (RSC)

Barchem: Parking Borculoseweg

- Team captains must first report to the bike light check before they can collect the team captain's bag and cyclist's vest.
- The correct order is as follows: bike light control > collect bag/cyclist's vest > team captain's briefing. The times are as follows:

**20:00 - 21:30** Bike light check - Location: pit frontside RSC Nijmegen

**20:00 - 21:30** Team captain's report and issuing of the cyclists' vest - Location: Sporthal 1, entrance by the climbing wall, RSC Nijmegen)

**22:00 - 22:45** Team captain's briefing - Location: Sporthal 1, entrance by the climbing wall, RSC Nijmegen)

- If you as team captain cannot be at the team captain's briefing, you may send the contact person of the nightshift as a delegate.
- A lot of important information is listed in team captain's letter 3. Please read it again carefully! It can also be found on the website under ['Team captain' > 'Information for team captains'](#).
- There are extra team captain's briefings in Ulft and in Barchem. They are mandatory to attend for the contact persons from the morning and day shifts. They will take place every fifteen minutes. The briefing in Ulft (05:45-07:15) will be in the Rabobankzaal, in Barchem (10:45-12:15) in the big room on the ground floor.
- You can watch the following videos about a relay point explanation and a code of conduct during the Batavierenrace!

### DURING THE RACE

- The weather looks variable for next weekend. There may be some rain and it may be very chilly at night and in the morning. During the day it can get quite warm. Therefore, be sure to bring plenty of warm, dry clothes.
- It's mandatory to have two bottles of water per runner in the participant van. So make sure you bring enough water, and don't forget to take enough water with you on the bike. Be aware, this can be checked!
- It is forbidden to drive with the participant van on the runner's route. After a first time you will receive a warning, if it happens a second time the entire team will be disqualified.

- You may bring a tandem for the accompanying cyclist. In that case, make sure to bring your own extra reflective vest for the cyclist on the back seat.
- Stage 12 has been lengthened by 0.4km, from 3.6km to 4.0km.
- There are a number of mandatory runner-cyclist-changes during the race. These are at switching point 3 (between stages 3 and 4) and switching point 10 (between stages 10 and 11).
- During the night, it is mandatory for runners to wear a white light on the front and a red light on the back, for everybody's safety. So make sure you have lights for this. Bike lights are sufficient.
- The second stage is quite dark, so we recommend you use a head light during this stage. Make sure your runner on stage 2 is aware of this.
- During the center stage (stage 1) and the last stages (stage 24/ 25), the accompanying cyclist cannot join the route with the runner. Please keep this in mind.
- During the men's final stage (stage 25), a motorcycle will precede the runners and thus encounter the ladies during their final stage. It is therefore important that ladies walk on the right side of the road as much as possible during the final stage, so the motorcycle can easily pass them. This will be announced before the restart, but make sure your runner on stage 24 is aware of this.
- You're not allowed to take the bike with you to the Oude Markt in Enschede. So make sure you carry a lock with you, so you can stall your bike in the bicycle storage close to the Oude Markt.
